

Medicinski fakultet u Rijeci

**IZVEDBENI NASTAVNI PLAN  
2022/2023**

Za kolegij

**Brain and Mind: Foundations of Neurophilosophy**

Studij:	<b>Medical Studies in English (R)</b> (izborni) Sveučilišni integrirani prijediplomski i diplomski studij
Katedra:	<b>Katedra za društvene i humanističke znanosti u medicini</b>
Nositelj kolegija:	<b>izv. prof. dr. sc. Horvat Saša</b>
Godina studija:	<b>2</b>
ECTS:	<b>1.5</b>
Stimulativni ECTS:	<b>0 (0.00%)</b>
Strani jezik:	<b>Ne</b>

## Podaci o kolegiju:

Introduce students to the foundations of neurophilosophy - a new scientific discipline that integrates the knowledge of philosophy and neuroscience, in order to better understand the relationship of mind, brain, body and environment.

## Popis obvezne ispitne literature:

Presentations for the lectures

Michael Jungert, „Neurophilosophy or Philosophy of Neuroscience? What Neuroscience and Philosophy Can and Cannot Do for Each Other“, in: Jon Leefmann – Elisabeth Hildt (ed.), *The Human Sciences after the Decade of the Brain*, London, 2017., 3-13.

## Nastavni plan:

## Obveze studenata:

Regular attendance, written seminar paper and final written examination.

**Ispit (način polaganja ispita, opis pisanog/usmenog/praktičnog dijela ispita, način bodovanja, kriterij ocjenjivanja):**

Assessment is carried out in accordance with the Rules of Assessment of the Faculty of Medicine, University of Rijeka: course attendance 54 (%) - number of attendances; written seminar paper 16 (%) - formal design, content, originality, literature used; final written exam 30 (%) - factual knowledge, understanding.

**Ostale napomene (vezane uz kolegij) važne za studente:**

-

**SATNICA IZVOĐENJA NASTAVE 2022/2023**

Brain and Mind: Foundations of Neurophilosophy

---

**Popis predavanja, seminara i vježbi:**

**ISPITNI TERMINI (završni ispit):**

---
