Popis dopunske literature:

Mark Dvoretsky. (2006.). *Secrets of Chess Training: School of Future Chess Champions 1* , Edition Olms (selected parts)

Daniel Kahneman, Olivier Sibony, Cass R. Sunstein (2022). *Noise: A Flaw in Human Judgment* , Little, Brown and Company.

Nastavni plan:

Predavanja popis (s naslovima i pojašnjenjem):

Introduction: Why the subject of critical thinking?

Students will be able to recognize and identify the key aspects of the importance of developing critical thinking in the context of decision-making processes in various life circumstances.

Chess: Basic rules of the game and decision-making

Students will be able to describe and apply the fundamental rules of chess.

Students will be able to identify the main connections between decision-making in chess and the decision-making process.

Fundamental aspects of critical thinking

Students will be able to identify and elaborate on the fundamental elements of critical thinking.

Students will develop the capability to recognize key attributes of System 1 and System 2 thinking processes.

Students will be able to articulate how this knowledge enhances their cognitive skills and analytical prowess.

Seminari popis (s naslovima i pojašnjenjem):

Understanding tactics and strategy in chess and decision-making

Students will be able to explain basic tactical motifs in chess and their relationship with the decision-making process.
Students will be able to explain basic strategic motifs in chess and their relationship with the decision-making process.

Fundamental aspects of critical thinking

Students will be able to identify and elaborate on the fundamental elements of critical thinking.
Students will develop the capability to recognize key attributes of System 1 and System 2 thinking processes.
Students will be able to articulate how this knowledge enhances their cognitive skills and analytical prowess.

Prejudices and classic mistakes in thinking and the decision-making process

The students will gain the ability to recognize the most prevalent prejudices inherent in thinking and the decision-making process.
The students will be able to employ critical analysis of texts and examples illustrating various forms of prejudice.
The student will be able to elaborate on how the skill of critical approach can help steer clear of succumbing to prejudices in the thinking and decision-making process.

Presentations of students' essays on selected topics of critical thinking and decision-making processes

Students critically analyze a selected topic related to critical thinking and decision-making processes and showcase their depth of understanding and analytical skills.

Obveze studenata:

Regular attendance, written seminar paper and final written examination.

Ispit (način polaganja ispita, opis pisanog/usmenog/praktičnog dijela ispita, način bodovanja, kriterij ocjenjivanja):

Assessment is carried out in accordance with the Rules of Assessment of the Faculty of Medicine, University of Rijeka: course attendance 54 (%), written seminar paper 23 (%), and final written exam 23 (%).

Ostale napomene (vezane uz kolegij) važne za studente:
